Food - Fruits Pack

Food - **Fruits Pack** contains **20** different semi-realistic / stylised FRUIT models with high quality, hand crafted vibrant textures in .png format, authored at **512x512** resolution (**256x256** resolutions are also provided). Each fruit also comes with a '**sliced**' alternative, perfect for '**Fruit Ninja**' type games, or whatever your fruit based requirements are within your project.

FRUITS : Apple Green, Apple Red, Banana, Coconut, Kiwi, Lemon, Lime, Orange, Pear, Pineapple, Plum, Pomegranate, Strawberry, Tomato, Watermelon, Honeydew Melon, Pepper Green, Pepper Red, Pepper Yellow and Pepper Pointed.

Original **Illustrator** Source files included for textures. Especially useful should your project require alternate resolutions, or further manipulation of colours / textural surface information.

Polygon count is as low as possible without compromising each fruits volume, silhouette or overall shape.
